BOILING SPRINGS HIGH SCHOOL

Location and Buildings

The school is located at Boiling Springs, Cleveland County, North Carolina. It is a small incorporated village in a rural section noted for its beauty, for the thrift and hospitality of its people, and for the high moral and religious tone of the community. At the foothills of the Blue Ridge, in the Piedmont section, the climate is ideal.

The buildings are as follows, viz.: The main building is of brick, and contains the following: In the basement, a large and well-appointed kitchen, a dining-room for two hundred and fifty students, butler's pantries, store rooms, boiler and fuel rooms, a laundry, and lavatories. On the first floor are five recitation rooms, the library, the office, the auditorium, two music rooms, two parlors, two cloak rooms, and two society halls. On the second and third floors are forty-four dormitory rooms for girls, each room having two closets. On these floors are two bath rooms and lavatories.

There is a one-story wooden building containing three recitation rooms and a cloak room.

The boys' dormitory is a twenty-four room brick building, with wide corridors, that will accommodate forty-eight persons. Many boys room at private homes, but board with the club.

A large structure, known as "the Memorial Building" is now being erected. This building, which is being erected in honor of our soldier boys, will contain an auditorium, society halls, room for music, art, household arts, science, a gymnasium and banquet hall.

Special Equipment

All buildings, except one, are equipped with steam heat and water works and acetylene lights. Water is furnished from a deep well on the school grounds.

History of School

The need for an associational high school had long been recognized and agitated by leading members in both the Sandy Run and Kings Mountain Associations, the former being the first to take active steps looking to such a school, but finding it difficult to decide upon a location.

In the year 1904, when the association convened at Zoar Church, the Kings Mountain Association resolved to build a school and took active steps to that end. In 1905, Boiling Springs, on the border line of the two associations, was selected as the site and a happy arrangement made by which the two associations united in building and operating the school. The two bodies have worked together in perfect harmony at all times. The school was chartered by the State under the style of "Boiling Springs High School, Incorporated."

The work of constructing the main building began in the spring of 1907, and was pushed with all possible dispatch till completion. For the architectural appearance of this building, the reader is referred to the two cuts in this catalogue, showing the front and rear views of the building.

In the fall of 1907, in temporary quarters, the school opened its doors for the first time to students, with Prof. J. D. Huggins as principal, which position, with an interval of four years, he has since held and still holds. With a faculty and equipment unsurpassed by any other high school in the State, the enrollment has increased from year to year and is now the largest in its history.

The heavy debt incurred in erecting and equipping the buildings has been liquidated, the last dollar being paid on January 2, 1917, at which time all cancelled notes were burned in public. The school is now free of debt and owns a plant that is worth \$85,000 and has an endowment of \$1,100 and there is now in hand a sum of \$40,000 with which to erect the memorial building.

GRADUATES FROM THE SPECIAL DEPARTMENTS

GRADUATING CLASS

Entrance Requirements

The school maintains an Intermediate Department, embracing the sixth and seventh grades, for the benefit of those who are not prepared for the high school course.

Those who have completed, in a satisfactory manner, the seventh grade will, upon a certificate from their teacher, be admitted into the freshman class. Those who wish to enter above the freshman class must furnish satisfactory evidence that they have, in an accreditable manner, completed the studies below the class they wish to enter.

Elsewhere in this catalogue will be found an application blank which those wishing to enter the school should fill out and forward to the principal at an early date. Other blanks will be furnished upon application. Upon the receipt of these blanks and room deposit, by the principal, the applicant will be assigned a room and tentatively classed.

COURSES OF STUDY

Intermediate Department

This course will embrace the sixth and seventh grades and the text-books adopted for those grades in North Carolina will be used.

HIGH SCHOOL

College Preparatory Department

FIRST YEAR

ENGLISH—Composition. Literature (for study): *Snow-bound*, *Evangeline*. Literature (for reading): *Pilgrim's Progress*, *Robinson Crusoe*, *American Short Stories*.

GRAMMAR—Emerson and Bender, *Modern English*, Book II.

LATIN—First year, Collar, Daniell, Jenkins.

MATHEMATICS—Commercial (to be selected).

SCIENCE—Caldwell and Eiklenberry, *General Science*.

SECOND YEAR

ENGLISH—Composition. Literature (for study): *Sketch Book*, *Vision of Sir Launfal*, *Sohrab and Rustum*. Literature (for reading): *The Last of the Mohicans*, *Silas Marner*, *House of Seven Gables*; Ward, *Sentence and Theme*.

LATIN—Reading. Review Latin. Five Books of Cæsar's Gallic War. Composition. Grammar (Bennett).

MATHEMATICS—Algebra, Wells and Hart.

SCIENCE—Tarr's *Physical Geography* and Ritchie's *Human Physiology*.

HISTORY—Robinson and Breasted's *Outlines of European History*, Part I.

PENMANSHIP.

THIRD YEAR

ENGLISH—Frequent Themes. Literature (for study): *Idylls of the King, Merchant of Venice, As You Like It*. Literature (for reading): *David Copperfield, Ivanhoe, Twice Told Tales*; Briggs and McKinney's *A First Book of Composition*.

LATIN—Cicero, six Orations. Grammar. Composition.

MATHEMATICS—Wall and Hart's Second Course in Algebra.

HISTORY—Robinson and Breasted's Outlines of European History, Part II.

BIBLE—Fall term: *Our New Testament—How Did We Get It?* Vedder. *Old Testament Studies*, Burroughs.

Spring term: *Studies in the New Testament*, Robertson. B. Y. P. U. Manual.

SCIENCE—Hodges and Dawson's *Civic Biology*.

FOURTH YEAR

ENGLISH—Composition. Frequent themes, debates, etc. Literature (for study): *Julius Cæsar, Macbeth, Milton's Minor Poems*. Literature (for reading): *Talisman, Adam Bede, Pride and Prejudice*; Lewis and Hosis's *Practical English for High Schools*. Mythology.

LATIN—Six books of Virgil.

GRAMMAR—Composition (Bennett).

MATHEMATICS—Plane Geometry (Wentworth and Smith).

SCIENCE—First Course in Physics (Millikan and Gale).

BIBLE—Fall term: *Old Testament History*, McLearn. *Training in Church Membership*, Van Ness.

Spring term: *Life of Christ*, Stalker. *Pedagogical Part of Sunday School Normal Manual*. Mission fields of Southern Baptist from current denominational literature.

HISTORY—Ashley's American History.

CIVICS—Dunn's Community and the Citizen.

EDUCATION.

No student will be allowed to take more than six studies in the literary department.

English Scientific Department

This course is designed to meet the needs of public school teachers and embraces all the college preparatory course except Latin.

Requirements for Graduation

The entire course, save Latin, is required for graduation from the English Scientific Department, thus securing fifteen units.

The College Preparatory Course requires seventeen units and Bible as follows: Four units in English, four units in Mathematics, four in Latin, three in History and two in Science. This means that one taking the College Preparatory Course may omit two years of Science. The electives are General Science, Civic Biology and Physics, provided one does not omit both General Science and Physics.

B. Y. P. U. OFFICERS

GIRLS BASKET-BALL TEAM

EXPENSES

Board

Board is furnished on the club plan, thus securing the best board at the least possible cost. The students take their meals at the same table with the teachers. Board in the club is furnished at cost and is estimated at \$12.00 per month.

Terms

The school term is divided into quarters of nine weeks each.

All bills are payable quarterly in advance in cash or negotiable notes. This plan has been adopted in order to simplify the bookkeeping and at the same time place the school upon a safe and economical financial basis. We trust that our patrons will not feel that they will be inconvenienced, because every courtesy will be extended and satisfactory arrangements can be made by all who find it inconvenient to pay bills in full in advance.

No student is allowed to graduate who is in arrears with the school.

No money will be loaned to the students except at the request of the parents or guardians.

Deposit for Room

Those engaging rooms in the dormitories should send to the principal a deposit of \$5.00 with the application ~~not later than July 4.~~ We will not assure any one a room who does not make the deposit. The deposit will be deducted from the first payment on school expenses.

Expense

As board, heat, and lights are furnished at cost the charges are made based upon estimates of these three items. If at the

end of the quarter it is found that the estimate is wrong a charge or a credit will be made upon the next quarter's bill.

Expenses in the literary department for quarter, including board, tuition, room rent, heat, lights, incidental, enrollment, library and contingent fees are as follows:

	Intermediate Department	High School Department
For those rooming in the dormitories and boarding full time.....	\$44.75	\$47.00
For half boarders (those who go home for two days each week).....	39.75	42.00
For those who room out and hence pay room-rent and for lights and heat elsewhere.....	39.15	41.40
Half Boarders (who room out).....	34.15	36.40
For those who room out and pay elsewhere for room, lights and heat but who use school furniture	40.30	42.55
Half Boarders of the above group.....	35.45	37.70
Day Students	10.00	12.75

Special Departments

The charges for specials per quarter are as follows:

Tuition in Music, Voice or Instrumental.....	\$ 7.30
Piano rent, one period per day.....	1.70
Tuition Domestic Science or Domestic Art.....	7.30
Fees for material used in above course.....	.50
Tuition in Art.....	7.50
Tuition in Expression in Classes.....	3.40
Tuition in Expression, private lessons.....	7.30
Free hand drawing.....	1.70

OTHER EXPENSES

Graduating fee from any department.....	\$2.00
Uniforms for young ladies will cost from \$22.00 to \$25.00.	

DEPARTMENTS OF INSTRUCTION

English

The work in English will be practical. Much time, therefore, will be devoted to the study of the fundamental principles of our language, such as drills in composition, writing, punctuation, paragraphing, capitalization, etc. Formal grammar will receive due attention, but the more important thing is the *use* of our language. The aim will be to enable the student not only to express his thoughts so that he may be understood, but so that he cannot be *misunderstood*. The masterpieces of our literature will be studied thoroughly and critically.

History

A thorough course in European and American History. The purpose of this course is not only to acquire a knowledge of men and events, but also to gain an insight into the spirit which prompted men to action in making history.

Education

This course covers one year's work and embraces a thorough drill in teacher training.

Science

A full four years' course is offered in Science. Laboratory work and notebooks will be required.

Latin

Much time will be devoted to drilling students in forms and principles of Latin syntax. A Latin Grammar, therefore, will be used as a reference during the entire course. Exercises in prose composition will be stressed daily until the students

are familiar with the principles of syntax, when more attention will be given translation. Bennett's idea is followed in the teaching of Latin.

Mathematics

The course given in Mathematics is broad. The object in teaching this subject is to enable the pupils to deduce their own rules and thus grasp the underlying principles of mathematics. Much drill will be given in Arithmetic, especially in common and decimal fractions, rapid addition and multiplication. In Algebra the use of symbols will receive much attention. The power to reason logically will be emphasized in Geometry. Neatness in all work is demanded.

Bible

In this course a diligent effort will be made to give the student a general, systematic knowledge of the Bible as a whole, with special stress upon the leading characters thereof, with the supreme purpose of making the Scriptures disclose to the student the Christ of the Bible, as the Saviour of men. This course is divided under the three following heads: Bible Study, Mission Study, Sunday School and B. Y. P. U. Work. In addition to the above prescribed course, which will be assigned for class work, there will be practical lectures given on perplexing and misunderstood doctrines of the Bible. The Convention Normal Course Text-book will be required on class work.

Department of Music

This course offers exceptional advantages to the most discriminating. Instruction will be given in Piano, Voice and Theory. Instruction is given in chorus work once a week. All voice pupils are required to join this class, and the privilege is extended to piano pupils as well as to pupils who study no branch of music. The course is arranged to cover four years, and is divided into practical and theoretical, and upon its completion a certificate of music is awarded.

MUSIC ROOM

MUSIC CLASS

PIANO

The aim of this department is to train the fingers and brain to develop a technical skill and also to cultivate an understanding and a proper appreciation of musical language. Special attention is given to good technique. Position and movement of fingers, wrist and arms are explained.

REQUIREMENTS FOR GRADUATION

Selections from the following outlines or equivalents:

Grade I—Standard Graded Course of Studies, W. S. B. Matthews, Book I; First Studies in Piano Playing, G. W. Bryant; Lambert's Piano Method for Beginners.

Grade II—Studies in Piano Playing, Book II, G. W. Bryant; Standard Graded Course of Studies, W. S. B. Matthews, Book I; First Lessons in Finger Dexterity, Kohler; Twenty-five Easy and Progressive Studies in Velocity, Kuhler.

Grade III—Selected Czerny Studies; Thirty Melodious Studies, Loeschorn; Thirty Velocity Studies, Gurlitt; Thirty Selected Studies, Concone.

Grade IV—Cramer Studies, Book I; Bach's Two-Part Inventions; Czerny, Op. 299 and Op. 636; Songs Without Words, Mendelssohn.

Technique—Candidates must know and be able to play all scales, chromatic, major, and minor, at medium speed. Arpeggios, major and minor. Chords, major and minor, octaves and trills, at medium speed. Students will be taught the correct use of pedal.

VOICE CULTURE

It is the aim of this department to teach every branch that will aid the proper cultivation of the voice. The course includes such exercises as will teach the pupil the use of the vocal organs, the control of the breath, the flexibility of the voice, distinct enunciation, and application of words to music. Songs will be given suitable for the home circle, church requirements, and concert stage.

Pupils who expect to graduate in Music must have completed the prescribed course in the literary department with

the exception of the last year's work in Mathematics, otherwise they will be given a certificate of proficiency.

Department of Art

No education is complete, in a liberal sense, which does not include a practical knowledge of drawing and an acquaintance with the principles and history of art. Realizing this, a large and well adapted studio has been furnished with models, easels and such material as is necessary for art work.

The system of instruction is the same as that adopted by the leading instructors of the day. It seeks to develop originality and encourage the individuality of the student. "Art is Nature better understood." The student is taught to study Nature.

The following branches are included: Object drawing in charcoal, lead pencil, crayon, pen and ink; still-life and fruit, flowers, foliage, from nature, in oil, water color; pastel; tapestry painting; landscape painting in all the mediums; studies from life.

In the Senior year a thorough course in Art History is given, including Architecture, Sculpture, Painting.

The course covers three years and is so arranged that a student progresses from simple to complex, learns to represent the forms and aspects of objects faithfully, and acquires facility in handling the various mediums.

A new Revelation Kiln has been installed, and the course includes China Painting. An exhibit of each year's work will be held during the week of Commencement.

Pupils who expect to graduate in Art must have completed the same literary work as prescribed for graduates in Music.

Department of Household Arts

The object of this department is to give young women the scientific and practical instruction that will enable them to become efficient housekeepers and home-makers, or to those who wish a thorough knowledge of the technical subjects and related sciences that will enable them to become matrons and housekeepers in public or private institutions.

DOMESTIC SCIENCE

Text-book: *Foods and Household Management*, by Kinne and Cooley. Three hours weekly, one lecture weekly. Typical lessons taught through recipes. Experimental work so that students will know proper foods and the relation of food to health, strength and efficiency. Bulletins from United States Department of Agriculture are used as supplementary reading.

Second year. *Text-book of Cooking*, by Greer. A more advanced course is given in the preparation, serving and the preservation of foods, and the scientific management of the home. The planning and serving of balanced meals. Menu making, dining room service, table manners, sick room trays, and arrangements of luncheon boxes are taught.

DOMESTIC ART

First Year—This course gives the student a practical knowledge of hand sewing. The problems given require the application of both the elementary and the decorative stitches. The care and repair of clothing is emphasized.

Second Year—This course teaches the drafting of patterns and also enables the student to change commercial patterns. The construction of dresses, costume design and the economics of dress are studied in connection with textile work.

Literary requirements are same as for graduates in Music.

The School of Expression

The study of expression seeks to awaken in the students a realization of their own potentialities to develop a clear, magnetic voice, graceful and easy manner and the virtue of sincerity and simplicity. Such study naturally begins with physical training. The voice is so trained that its purity, sweetness and power are fully developed. The pupils are taught to express themselves simply and naturally in order that they may become natural and artistic readers. Besides being encouraged to develop their own individuality and to attain a charming personality they are trained to perform their social functions with grace and effectiveness.

The pupils recite before the class weekly and public recitals are given during the year.

Literary requirements are same as for graduates in music.

Expression I. Aesthetical physical culture, breath control and voice development, articulation, pronunciation, quality of tone, sight reading, recitations and declamations. and gesture. Text-book: *Evolution of Expression*, Vol. I.

Expression II. Physical training and voice technique, inflection and selected readings, character delineations, dialect impersonations, advanced reading and scene work. Text-book: *Evolution of Expression*, Vols. II and III.

Expression III. Dramatic art, extemporaneous speaking, study of Shakespeare's plays, English and Bible reading, arrangement of recital programs. Text-book: Shoemaker's *Advanced Elocution*.

EXPRESSION CLASS

BOYS BASKET-BALL TEAM

Y. M. C. A. AND Y. W. C. A. OFFICERS

GENERAL INFORMATION

Medals

Disclaimer's Medal—Some friend of the school gives annually a medal to the best declaimer in the Freshman and Sophomore classes.

The Mattie Banks Harrell Memorial Medal is given each year by Miss Etta Banks to that member of the Expression Class who makes the most improvement in that study.

The Society Medals—The Athenean Literary Society awards a medal to that member who makes the most improvement in debate, and one to the best debater. The Kalagathian Literary Society awards one for improvement in debate, and one to the best debater. The Athenean and Kalagathian Literary Societies give jointly a medal to the best orator in the Junior and Senior classes. The Rhamsaeur and Kalliergeonian Literary Societies each gives a medal to that member who makes the most improvement. Irregulars who have three or more studies in the two higher classes shall be eligible to the orator's medal, but not to the declaimer's medal.

Only those who are in actual attendance and who have been regular students of the school and active members of one of the literary societies for at least five months preceding contests for medals and honors, and who shall have made passing grades, shall be eligible to contest for medals and honors.

Revs. R. C. Campbell and D. G. Washburn give annually a medal to that young lady who writes the best essay.

Scholarships

The school gives annually a scholarship to that young man of the sixth, seventh or eighth grade of any rural school who delivers the best declamation in a contest held during the spring term. The societies of the school give a medal to each of the best two declaimers in the same contest.

Literary Societies

There are four well organized Literary Societies—the Athenean and Kalagathian for boys, and the Rhamsaeur and Kalliergeonian for girls. Each of these societies hold regular weekly meetings, and are doing most excellent work. All high school students are required to join.

Grading and Reports

Daily recitations are marked on a scale of 10. Quarterly grades are made on a scale of 100. Written examinations will be held at the end of each quarter or at the completion of a subject. All marks given during the quarter enter into the final grade for the quarter's work. The minimum grade for passing is 75 per cent. Reports will be sent to parents and guardians at the end of each quarter.

Uniforms

The young women are required to wear uniforms, and those who take part in any public exercise will be required to wear a simple white dress made of a cotton fabric.

The attention of parents and guardians is called to the fact that this will make the clothing of their children and wards much less expensive.

Library and Reading Rooms

The school already has a good working library, including reference works, dictionaries, fiction, history, science, etc. The reading room is furnished with some of the leading magazines, daily and weekly newspapers. One of the students is appointed to take charge of the library and reading room. Students are required to spend some time daily in the library and reading room. Parallel work will be required of all students.

Y. M. C. A., Y. W. A. and B. Y. P. U

The young men and young women meet separately every Sunday afternoon in a Y. M. C. A. and Y. W. A., respec-

tively, and conduct interesting and benefiting services. All students are encouraged to attend and participate in these meetings. Prayer meetings are held separately in young men's rooms on Monday night, and young ladies' on Wednesday night. Regular church prayer meeting every Thursday night.

The B. Y. P. U. holds weekly meetings and is wielding a powerful influence.

The Influence

It is the intention of the school that intellectual development and moral culture shall go hand in hand.

School is opened daily with devotional exercises, which all students are required to attend.

All students are required to attend Sunday school and church services. The young men of the Y. M. C. A. and young ladies of the Y. W. A. and members of the B. Y. P. U. co-operate with the Faculty in every effort to strengthen a high moral sense in all and bringing every influence to bear that makes doing right easy, and doing wrong unpleasant.

In addition to the school influence, the morals of the community are unsurpassed, and the school enjoys the co-operation of the good people here in elevating the young people.

Athletic Association

The school has suitable grounds for basket-ball, football, tennis and baseball, and outdoor sports are encouraged, but will not be allowed to interfere with the student's progress in his studies.

We do not believe that the highest aim of a school is found in athletic life, and yet we are aware that the body must receive a reasonable amount of exercise in order that the mind may be active. We believe that athletics under limitation is conducive to good scholarship. To this end local baseball, basket-ball, football, tennis, and other games are encouraged. But, since character and scholarship constitute the ultimate aim of the institution, we could not consent for those defective in moral character to represent the school abroad. However, a few

games with other schools may be allowed, provided all participants obtain satisfactory grade in department, and passing grades in scholarship, have permission from parent or guardian, and observe such other regulations and limitations as the faculty may deem wise. Our experience and observation is that such regulations put a premium on scholarship, and induce many careless young men to form studious habits.

Discipline

The aim of all true discipline is self-control. This result is most advantageously secured through the training of the judgment, the elevation of the ideals, the development of the powers of recognizing and obeying conscience, and the cultivation of honor. It is assumed that the students who enter this school are ladies and gentlemen; therefore, rules and regulations are reduced to a minimum, only such being formulated as are necessary for the general good of the students themselves. These, however, will be enforced kindly but firmly, and those who at any time find themselves unable to abide by them are earnestly requested to sever their connection with the school.

Each member of the Faculty of the institution considers that his position imposes a sacred trust as responsible as that of the home, and supplemental to it. In all matters of discipline, therefore, both the good of the individual student and the influence of that student upon his fellow-student must be taken into consideration. Those who persist in doing things detrimental to the interests of the school, will, if they do not change, be asked to withdraw from the school.

A few underlying principles of discipline are hereby given in order that parents may know what to expect of the school:

1. The purpose of the school is to combine the influence of culture and moral training with the advantages of intellectual discipline.

2. It is expected that every student will appreciate the advantages offered and will courteously observe the regulations found necessary for the "greatest good to the greatest number."

KALAGATHIAN AND KALLIERGEONIAN OFFICERS

HALL OF KALAGATHIAN AND KALLERGEONIAN LITERARY SOCIETIES

3. The Bible is considered the only safe text-book in moral training. Every student is earnestly urged to make its principles his rule of life and conduct.

4. Those who avail themselves of the advantages of this school, founded in the prayers and by the sacrifices of Christian men and women, are expected to accord reverence to the natural expressions of Christian thought and action. Personal belief in all forms of truth presented may not be expected in these days of free inquiry, but a reverential attitude toward truth is a moral prerequisite to the special advantages which the Christian school offers above other schools.

Therefore the following requirements are made:

1. In deportment, each student will be expected and required to be faithful in work, prompt and regular in the performance of all school duties, and in their relations with their teachers and their fellow-students to cultivate and practice those courtesies recognized by ladies and gentlemen.

2. The use of alcoholic drinks, card playing, gambling in any form, swearing, wilful disobedience or any gross immoral conduct will not be tolerated.

3. Smoking is forbidden except in one's own room, and the use of cigarettes is forbidden at all times.

4. All boisterous conduct in the halls and rooms is forbidden.

5. Students will not be allowed to keep firearms while connected with this school.

6. Visiting during study hours is forbidden.

7. No secret societies will be allowed among the students, and no organization will be permitted that has not been approved by the Faculty.

8. No boarding pupil will be allowed to keep and operate a car.

When students are admitted to the privileges of this school, they subject themselves to the terms and regulations published in this catalogue.

At any time, when it is deemed best for the interest of the school, the Faculty will amend or change any requirement or regulation, or if they deem it wise, will suspend any requirement made.

General Regulations

Unnecessary absence from the school during the term cannot be allowed. It not only interferes with the student who is absent, but also with those of the class to which he belongs, and with the good order of the school. Leave of absence, therefore will be granted only upon evidence of illness or other imperative necessity.

Visitors cannot be received by pupils during study hours or later than 9:30 o'clock at night.

Young ladies who enroll in this school are under its control, and will not be allowed to visit either while leaving or returning for the holidays or any other times, without a teacher, and those who do so will not be allowed to enter until parents are notified.

Young lady boarders will not be allowed to visit without an accompanying teacher, and then only at the discretion of the Principal.

When students are placed in this school, its laws must prevail, and parents are not expected to interfere by calling their children away and directing their movements during the term.

The young men of the literary societies, realizing the growing evil of hazing in school, passed resolutions against it, and hazing will be dealt with according to law.

No reduction will be made on bills, except for protracted illness.

Students are held responsible for conduct in their rooms and for the room and furniture.

Boarding Accommodations

As noted elsewhere, there are dormitory rooms in the main building for eighty-eight girls and in the dormitory for boys there are rooms for forty-six boys—two to each room.

The girls will be under the watchcare of the Lady Principal, and all students will be under the direction of the Principal.

The boarding department will be under the direct management of the Principal and Dietitian, and will be run on the club plan, and board will be furnished at as low figure as possible.

The privileges of the boarding department will be withdrawn from those who fail to meet the requirements of the school.

Advice to Parents

A clear statement of expenses will be found on another page of this catalogue. *Parents are urged not to give their children more money than is absolutely needed to meet school expenses.*

If you wish your children to leave the school for any purpose, please write the Principal to this effect.

Students who make accounts with merchants without the consent of parents given to the Principal may count on punishment, and merchants who credit will lose thereby.

If parents wish their children to make accounts with merchants they will please write the Principal to this effect.

Inform the Principal promptly in regard to any ground for complaint and do not jump to quick conclusions. Most complaints are written home in a moment of anger. If young people have their seasons of dissatisfaction at home where the family ties are stronger, how much more natural at school, where there are so many and diverse conditions.

Write us freely about your children. If anything goes wrong at the school, from your point of view, tell us all about it in a plain, frank way, and we will do our best to correct at once any wrong, real or imaginary.

Parents who do not control their children at home need not expect the best results at school. It is generally those children who give trouble. Bear this in mind.

Boiling Springs is connected by telephone with all surroundings towns.

Telegraph messages intended for the school, sent to Shelby or Lattimore, will be telephoned to Boiling Springs.

Parents are urged not to call pupils away from school at end of week. The day before going home is practically lost, and also the day after returning. Thus two-fifths of the time, or forty per cent of the week, is lost, besides the confusion arising therefrom.

Directions

1. All students are urged to enroll on Tuesday, August 10, 1920.
2. Lattimore is the most convenient railroad station. Telegrams sent to the school will be delivered from Shelby or Lattimore.
3. The rooms in the dormitories are furnished with heavy furniture. Each student should bring pillows, bed linen, covering, towels, buckets, table napkins, and comb and brush.
4. All laundry should be marked plainly with indelible ink.
5. Boys who room out are expected to pay room rent to the owner of the home, furnish their own heat and light and bring with them the same articles as those who room in the dormitories.

Y. L. McCardwell, Cashier
B. C. McCraw, Ass't Cashier

Q Recently organized.

Q Is your name on our books? If not, let us place it there.

Q Start a bank account. It will be appreciated by us, and make you feel better.

Q Four per cent. paid on time deposits. Special attention paid to deposits made by parents or guardians sending to school at Boiling Springs.

Savings Lead to Wealth, Good Investment Brings Riches, Prosperity Fosters Content- ment.

¶ By trading with us you do not only save on your purchase, you get Standard Merchandise at the least possible cost. Our Volume and System enables us to under-sell many of our Competitors.

¶ We handle for Men the famous Edwin Clapp, Bostonian, and King Quality Shoes; Manhattan Shirts; John B. Stetson Hats; Griffin Brand and Hart, Schaffner & Marx Clothing.

¶ Our Ladies' ready-to-wear, including millinery, is unsurpassed in any of the smaller cities and equal to that of the larger cities of this section.

¶ We have always been and are still headquarters for Heavy and Fancy Groceries throughout this section.

Yours for prosperity,

CLIFFSIDE MILLS STORE

CLIFFSIDE, N. C.

C. J. Hamrick & Sons

Dealers in
GENERAL MERCHANDISE
BOILING SPRINGS, N. C.

¶ One of the five stores in the county that handle school books. As we have no rent to pay, do our own work, and have a buyer of thirty-five years' experience, we are enabled to give more goods for same money; same goods for less money.

¶ Furniture, plows, buggies, barbed wire, salt, flour, and several other things, bought in car-load lots. Students are invited to visit us, and get the benefit of bargains and polite treatment.

We Pay You to Save

There is a feeling of comfort in the knowledge that no matter what the future has in store for you or your family, you are assured against want by a Bank Account. You can enjoy this feeling by starting a Bank Account with us and adding small amounts to it at you convenience.

CLEVELAND BANK AND TRUST CO. SHELBY, N. C.

This Bank is for everything that is for the betterment of Cleveland County. Come and do business with us.

We Solicit Your Business

Courteous, Safe, Conservative

Opened for Business February 3, 1915

The Shelby National Bank

gives its best efforts to helping young men to get started in the world's work. If a young man will make a determined effort to save money, it will safeguard him in many ways. It will help him to get **control of himself**, to learn **self-denial** and learn to **choose** wisely. It will give him confidence in himself and give others confidence in him. If a young man indulges himself he will degenerate physically, mentally and morally.

SAVING MONEY—SAVES YOUNG MEN

Analyze this and see if it isn't worth while—to save. We will pay you interest on your savings and you can compound the interest every three months.

J. T. BOWMAN, President
